Comment: I am very concerned about the proposed merger agreement between Avista and Hydro One, primarily due to the effect on electricity rates, but also that a foreign government business entity would be controlling the utility rates and service regulations of U.S. customers. Because of these reasons, I strongly oppose this merger on anyone like it.

Respectfully,

Carol Bauer

Name of Utility Company: Avista

Comment: Green Energy hoax has stricken Hydro One's Ontario customers and Avista is falling for it because of the money.

Idaho does not need a Canadian based utility company to raise energy rates like they have in Ontario.

I strongly oppose the acquisition and highly recommend that the PUC vigorously monitor Hydro One in the future.
